- CMND & Check-in. Personalise every experience
- MyChoice compatible. Built-in pay-to-view solution

Cost effective with reliable support

- 3 year warranty, extendable to 5 years

PHILIPS

Highlights

3 year warranty

The standard 3 year warranty can be extended so you can enjoy this product worry-free for 5 years .

Chromecast built in

Enable instant, secure wireless casting of movies, presentations and more from smart devices (mobiles, laptops, tablets) in up to 4K resolution. Chromecast is cost-effective, requires no extra hardware and is secure for professional use. Users simply tap the Chromecast icon on their smart device to start streaming content from thousands of cast-enabled apps — their smart device becomes the remote.

Instant Initial Cloning

Provides the ability to easily copy all programming and channel programming settings from one TV into other TV sets in less than a minute. The feature ensures uniformity between TV sets and significantly reduces installation time and costs.

Google Play Store access

Full access to the entire Google Play Store makes it easy to add apps, games, music, movies and more to your Philips Professional Display. New business tools and extra entertainment options are added to the catalogue daily, ensuring that you always have access to the latest global trends.

AppControl

Take full, centralised control of the apps installed on your Philips Professional TVs. AppControl lets you install, delete and manage apps on selected TVs or your entire network. Giving you the ability to offer personalised experiences to your guests and customers — no matter how many TVs you are managing.

Hygienic Remote Control

The choice of anti-microbial material combined with a cavity-free design, which makes the hygienic remote control easy to clean and free from germs.

CMND and Control

Run your display network over a local LAN connection. CMND & Control allows you to

perform vital functions like updating software and settings, as well as monitoring display status. Whether you're in charge of one display or more, CMND & Control makes managing your fleet easy.

CMND & Create.

CMND & Create is a powerful authoring tool for creating compelling content. With its drag and drop interface, preloaded templates and integrated widgets, you'll be amazing customers with your content and information in no time.

CMND & Check-in

Make your guests feel welcome. CMND & Check-in lets you use individual information — such as name and language spoken — to create a personalised experience.

MyChoice compatible

Offer pay-to-view content in any situation — from a complete pay-to-access-all-channels model to selected premium content. MyChoice is an integrated solution that allows viewers to access pay-per-view channels via a code.
